Health Care Reform

Despite the new political context, health care reform remains a national priority and moral imperative. The United States Conference of Catholic Bishops continues to urge Congress and the Administration to adopt legislation that 1) ensures access to quality, affordable, life giving health care for all; 2) retains longstanding requirements that federal funds not be used for elective abortions or plans that include them, and effectively protects conscience rights; 3) protects the access to health care that immigrants currently have and removes current barriers to access; and 4) restrains costs and apply them equitably across the spectrum of payers. Please encourage your parishioners to contact members of Congress through phone calls, e-mails or fax letters. Call the U.S. Capitol switchboard at: 202-224-3121, or call the local offices of your U.S. Representative and Senators. Full contact information can be found at www.house.gov and www.senate.gov. The United States Conference of Catholic Bishops' health care reform website includes letters from bishops to Congress, videos, facts and statistics, frequently asked questions, and links for contacting members of Congress, www.usccb.org/healthcare.

Comprehensive Immigration Reform

Thank you to parishes for participating or planning to participate in the Justice for Immigrants Postcard Campaign. Nearly 40,000 postcards were distributed to parishes throughout the diocese. The postcard campaign urges support of immigration reform legislation that keeps immigrant families together, adopts smart and humane enforcement policies, and ensures that immigrants without legal status register with the government and begin a path toward citizenship. An electronic postcard may also be sent to Congress by visiting www.justiceforimmigrants.org. For more information or to order postcards, contact Catholic Latino Ministry at (614) 262-7992 or the Office for Social Concerns at (614) 241-2540.
