St Mary Safe Environment rules supersede over these organizations.

IMPLEMENTATION PROCEDURES OF BEST PRACTICES POLICIES FOR PROTECTING GOD'S CHILDREN AT ST. MARY PARISH

All Procedures and best practices policies will be followed by volunteers and staff and periodic checks will be made by each department head to ensure that they are carried out. BCI background checks and the results will be kept on file in the main parish office and departments will be notified of approved volunteers.

Volunteers for the School/Parish will be advised of the Catholic Diocese of Columbus' website to review the Diocesan policy booklet. The recommended practices are policy and will be followed.

TWO DEEP AT ALL TIMES.....

In addition, all volunteers are to work with at least one other approved volunteer (who is compliant by having a BCI report, attended a PGC session, Code & Conduct & ID on file) and to assure our children's safety all parents should walk their children into events to assure that proper supervision will be offered. If not, the parent should arrange to stay and help if approved with background check and PGC, or the practice or program **must be cancelled**.

Please refer to our website delawarestmary.org for additional information from the National, Diocesan and Parish guidelines for Protecting God's Children.

Criminal Background/Fingerprint reports, completion of a PGC program, current Code of Conduct and ID are required and to be on file **PRIOR to volunteering/working with minors.**

All persons who apply to serve as a volunteer in a position in which the person will have unsupervised access to a child on a regular basis.

St. Mary Parish, Delaware, under the guidance of the Catholic Diocese of Columbus will direct individuals to the proper locations for background checks to be adopted as a best practice.

All fingerprints are to be done through a **Webcheck** location as recommended through the Catholic Diocese of Columbus. In Delaware, the Delaware Police Dept. and Sheriffs office can accommodate. Other locations, please refer to the following link.

<https://www.ohioattorneygeneral.gov/Business/Services-for-Business/WebCheck/Webcheck-Community-Listing>

All results are to be submitted to the Diocese of Columbus, Regina Quinn, Director of the Safe Environment Program, 197 E. Gay St., Columbus, OH 43215. Regina's office will, in turn, notify our parish office. All records will be held in confidence.

IN ADDITION....

OYYAM 200.30 ADULT CHAPERONES FOR YOUTH ACTIVITIES

Parishes must follow a strategy of "two-deep" ministry with adolescents, where at least two adults are present at all youth ministry activities and situations, wherever possible. Where a one-to-one activity is required (e.g. counseling), such activities should take place in an open environment. Special attention should be given to provide a safe and confidential forum while following standards of prudence. Adult chaperones for youth activities must be at least 21 years of age. For youth ministry activities away from parish property, a ratio of one adult per ten youths must be followed. For overnight activities, a ratio of one adult per six youths must be followed. The ratio of male-to-female chaperones should closely parallel the ratio of male-to-female youths at an activity. This is particularly important for overnight activities. For overnight activities where private rooms are used, an adult chaperone must never share a room with a youth. (Except where a parent is serving as a chaperone and there are no other persons sharing the room.) No adult chaperone should ever enter a youth's room unless it is absolutely necessary. If circumstances require it, the chaperone must be accompanied by another adult and the door must remain open the entire time the adults are present. Both adult chaperones should be of the same sex as the youth(s) in the room. If this is not possible, one male and one female chaperone may be used. A youth must never be invited or instructed to enter the room of an adult chaperone.

Adopted 02/03

BEST PRACTICES FOR MONITORING YOUTH MINISTRY FACILITIES Child molesters look for ways to spend time alone with children. If they know someone is watching, they have more trouble finding opportunities to abuse without getting caught. The following steps can help create a safer environment for our children, youth, and adults. • Identify secluded areas, lock empty rooms. • Develop policies regarding use of secluded areas. • Do not permit youth to enter staff-only areas. • Only meet with youth where other adults can pass by. • Supervisors should look in on activities. • Make sure enough adult volunteers are present for all programs. • Encourage parents to visit and participate in programs and activities. • Do not start any new programs without approval from the pastor.

- Parents should walk their children into events to assure that proper supervision will be offered. If not, the parent should arrange to stay and help if approved with background check or the practice or program must be cancelled.
- We must communicate when we have concerns about inappropriate behavior or suspected abuse.
 - Talk to the person involved
 - Speak to their supervisor
 - Notify a church official
 - Call the child abuse hotline
 - Call the police
- We can create a safer world for our children when we work together as a Catholic community.
- We must alter our behavior to make the behavior of an offender easier to identify.
